from the Due Date thereof, in addition to any other remedies Boldyn Networks Infrastructure US LLC may have available under this Tariff or by law or equity. Notwithstanding anything in this Tariff to the contrary, no payment due under this Tariff or in accordance with a Service Order shall be subject to reduction, set-off or adjustment of any nature by the Customer, except as is specifically provided in this Tariff or in the Service Order. In no event shall the malfunction or non-operation of Customer's interconnecting equipment (including local access when such Party is responsible therefore) relieve Customer of its obligation to pay for Service(s), unless such malfunction or non-operation is the direct result of Boldyn Networks Infrastructure US LLC's gross negligence or willful misconduct.

12.0 Billing Disputes

12.1 All disputes or requests for billing adjustments should be submitted in writing with reasonable detail to Boldyn Networks Infrastructure US LLC within sixty (60) days after the usage period for the applicable Service(s). Any incorrect bills shall be handled in accordance with N.J.A.C. 14:10-2.2(b)-(f) back billing. Boldyn Networks Infrastructure US LLC agrees to use reasonable best efforts to resolve the dispute within thirty (30) days of receipt of proper documentation, which at a minimum shall contain a detailed explanation as to the dispute or request for billing adjustment. Any amounts that are determined to be in error or not in compliance with this Tariff will be adjusted on the next month's invoice. Any disputed amounts that reasonably, in good faith and supported by reasonable documentation, are deemed to be correct as billed and in compliance with this Tariff, will be due and payable (if not previously paid), upon notification and demand by Boldyn Networks Infrastructure US LLC. Disputes will not be cause for Customer to delay payment of any undisputed balance.

12.2 The Customer is responsible for the payment of all state sales tax, federal excise tax, state 911 surcharge and any federally mandated surcharges, such as; the Federal Universal Service Fund Surcharge, FCC Subscriber Line Charge, and Local Number Portability Surcharge imposed on or based upon the provision, sale or use of Network Services. All taxes are listed as separate line items on the Customer's bill and are not included in the quoted rates and charges set forth in this Tariff.

13.0 Warranties, Outage Credit and Restoration of Service/Limitations of Liability

Joel MacMillan, Chief Financial Officer
Boldyn Networks Infrastructure US LLC
1400 Broadway, 17th Floor
New York, NY 10018

- 13.1 Boldyn Networks Infrastructure US LLC warrants that the Service(s) will be provided and will operate in accordance with current prevailing telecommunications industry standards.

- 13.2 Customer acknowledges the possibility of an unscheduled, continuous and/or interrupted period of time when the Service(s) or a portion of the Service(s) may not be ‘available’ (hereafter an ‘Outage’). In such instance the Customer shall call an assigned toll free number with an authorization number and shall identify himself/herself as having the requisite authority to request assistance. Technicians will then be dispatched. Fibers at the Customer’s facility will be tested and a determination of Fiber break/non-performance will be established as specified in the Service Order form. If Fibers are determined to be operating at levels less than specified in the Service Order form, technicians will continue to work with the Customer to reestablish Service Order standards. The Customer understands and acknowledges that Fiber break/non-performance can be due to an act of nature, which would prohibit Company technicians from accessing Fiber for repair until deemed safe by fire, police or other safety officials. In the event Fibers are deemed to be operational upon testing in accordance with the standards set forth on the Service Order form, the Customer will be permitted an allowance of one call free of charge during the Lease Term. Additional calls which result in Fiber testing as specified in the Service Order will be charged to the Customer at the rate of \$3,500.00 per call. In the event of an Outage, Customer shall be entitled to a credit (the ‘Outage Credit’) which shall be calculated as set forth below. An Outage shall be deemed to have commenced upon verifiable notification thereof by Customer to Boldyn Networks Infrastructure US LLC, or, when indicated by network control information actually known to Boldyn Networks Infrastructure US LLC network personnel, whichever is earlier. Each Outage shall be deemed to terminate upon restoration of the affected Service(s) as evidenced by appropriate network tests by Boldyn Networks Infrastructure US LLC. Boldyn Networks Infrastructure US LLC shall give reasonable notice to Customer of any scheduled maintenance, and Customer acknowledges and agrees that any such scheduled maintenance shall under no circumstance be deemed as an Outage hereunder.

Two or more interruptions of 15 minutes or more during any one 24-hour period shall be considered as one interruption.

Interruption over 24 hours:

Interruptions over 24 hours will be credited 1 day for each 3-hour period or fraction thereof. No more than one full day's credit will be allowed for any 24-hour period.

- 13.3 Outage Credits shall not be granted if the Outage is due to a problem or defect in Customer's facilities or equipment, or its agents' or contractors' facilities or equipment, nor shall Outage Credits be granted if an Outage is caused by Customer, its employees, agents or contractors.
- 13.4 Except as otherwise provided in the Service Order, all Outage Credits shall be credited on the next monthly invoice for the affected Service(s) or portion thereof after receipt of Customer's request for credit. In no event shall the total of all Outage Credits applicable to or accruing in any given month exceed the amount payable by Customer to Boldyn Networks Infrastructure US LLC for such monthly Service(s).
- 13.5 The Outage Credit described in this Section shall be the sole and exclusive remedy of Customer in the event of any Outage. Under no circumstance shall an Outage be deemed an Event of Default under this Tariff or a Service Order.

- 17.9 Customer shall obtain, at its sole cost and expense, all necessary Customer Approvals required to deliver to a Fiber distribution panel, pull box or splice point or other termination point as agreed by the Parties and set forth in the Service Order, to the Customer demarcation point.
- 17.10 Boldyn Networks Infrastructure US LLC will use its reasonable commercial efforts to deliver the Service on or before the Targeted Completion Date(s) but the failure to deliver the Service(s) by such date shall not be an Event of Default under this Tariff or a Service Order. The Targeted Completion Date(s) shall be extended for the appropriate period as may be necessary as a result of events of Force Majeure or any acts, omissions or delays by Customer, its employees, agents, or contractors, including but not limited to, delays in obtaining any necessary Customer Approvals.

Unless otherwise set forth in the Service Order, upon the expiration of the Initial Service Order Term, provided Customer is not in default, the Service Order will automatically be extended for a one (1) year term with the rate being increased by 6% annually thereafter (the "Renewal Service Order Term"), unless Customer or Boldyn Networks Infrastructure US LLC notifies the other Party in writing of its intent to not renew the Service Order at least ninety (90) days before expiration of the Initial Service Order Term or any Renewal Service Order Term. 19.0 Termination Rights

19.1 If the Federal Communications Commission, a state or Public Utility or Service Commission, or a court of competent jurisdiction or other governmental entity issues a rule, regulation, law or order that has the effect of canceling, changing or superseding any term or provision of this Tariff (collectively, “Regulatory Requirement”), then this Tariff will be deemed modified to the extent necessary to comply with the Regulatory Requirement, unless such Regulatory Requirement adversely and materially affects a Party’s rights or obligations under this Tariff. In the event of an adverse and material change, the Parties agree to negotiate in good faith a mutually agreeable modification consistent with such Regulatory Requirement. If the Parties cannot agree to such modification within thirty (30) days after the Regulatory Requirement is effective, then upon written notice, either Party may, to the extent practicable, terminate that portion of a Service Order impacted by the Regulatory Requirement. For purposes of this Section, any Regulatory Requirement that results in substantial increased costs to provide the Service(s) shall be deemed to have an adverse and material effect.

19.2 Notwithstanding anything contained in this Tariff or any Service Order to the contrary, Boldyn Networks Infrastructure US LLC shall have the right to immediately suspend and/or terminate any or all Service(s) provided hereunder without notice to Customer if Customer uses or permits the use of the Service(s) for any unlawful purpose or in any unlawful manner, in a manner that threatens any person, or in a manner that interferes with or threatens the integrity of Boldyn Networks Infrastructure US LLC’s telecommunications network or the networks of any third parties.

19.3 Customer may terminate any Service Order prior to the expiration of the applicable Service Order Term. However, the Parties acknowledge that this Tariff and the prices set forth in the Service Order(s) are based on the provision of Service(s) for the entire Service Order Term. Accordingly, in the event Customer terminates a Service Order prior to expiration of the applicable Service Order Term for any reason except Boldyn

Networks Infrastructure US LLC's breach of a material term of the Tariff or Service Order which is not cured within thirty (30) days of Customer's written notice of such breach, Customer agrees to pay to Boldyn Networks Infrastructure US LLC an Early Termination Fee equal to the remaining amount due under the Service Order through its full Term, payable in full within thirty (30) days of such termination, with interest to accrue at 1.5% monthly thereafter.

- 19.4 Either Party (the "Non-Defaulting Party") may terminate a Service Order, by written notice to the other Party (the "Defaulting Party"), immediately upon the Defaulting Party's receipt of such notice or such later date as specified in the notice, in any one of the following circumstances (each an "Event of Default"), and may seek any other legal remedies it may have under applicable law or principles of equity relating to such Event of Default, which other remedies shall be in addition to the right of termination provided herein.

The following shall constitute Events of Default:

- A. if a Defaulting Party fails to comply with any of the material terms and conditions of this Tariff or a Service Order, including any payment obligations; provided, however, that except for a failure to pay monies when due hereunder, a Party shall not be in default under any Service Order unless and until the Non-Defaulting Party provides the Defaulting Party written notice of such default and the Defaulting Party shall have failed to cure the same within thirty (30) days after receipt of such notice or such longer period as the Non-Defaulting Party may authorize in writing (the "Cure Period"); provided, further, that where such default cannot reasonably be cured within such Cure Period, the Cure Period shall automatically be extended for such period of time as may be required to complete such curing, provided that the Defaulting Party proceeds promptly to use reasonable commercial efforts to cure the default with due diligence and provides written progress reports to the Non-Defaulting Party during any extension of the Cure Period. Any Event of Default may be waived at the Non-Defaulting Party's option. Upon the failure of the Defaulting Party to timely cure any such default within the Cure Period, the Non-Defaulting Party may pursue any legal remedies it may have under applicable law or principles of equity relating to such breach. Notwithstanding anything to the contrary in this Section or the Tariff generally, the Cure Period applicable to a failure to pay monies when due under any Service Order shall be ten (10) days; or

- B. if a Defaulting Party (i) commences a voluntary case or other proceeding seeking liquidation, reorganization, or other relief with respect to itself or its debts under any bankruptcy, insolvency, or other similar law, now or hereafter in effect, or (ii) seeks the appointment of a trustee, receiver, liquidator, custodian, or other similar official of it or any substantial part of its property, or (iii) consents to any such relief or to the appointment of or taking possession by any such official in an involuntary case or other proceeding commenced against it, or (iv) makes a general assignment for the benefit of creditors, or (v) generally fails to pay its debts as they become due, or (vi) takes any corporate action to authorize any of the foregoing; or
- C. if an involuntary case or other proceeding is commenced against the Defaulting Party seeking liquidation, reorganization or other relief with respect to it or its debt under any bankruptcy, insolvency, or other similar law now or hereafter in effect or seeking the appointment of a trustee, receiver, liquidator, custodian or other similar official of it or any substantial part of its property, and such involuntary proceeding shall remain undismissed and unstayed for a period of 60 days; or an order for relief is entered against the Defaulting Party.
- D. In the event of a bankruptcy, liquidation, reorganization, receivership or any other relief being sought under any bankruptcy, insolvency or other similar law or similar type of proceeding, the terms of this Tariff hereto shall remain in full force and effect between the parties and shall survive such proceeding, as all parties recognize the impact of such proceeding upon the Customer's business operations and practices. Thus, in the event of such proceeding, the Customer shall be entitled to obtain an Order For Specific Performance of the Tariff and it shall be accepted as an executory Contract by any Trustee in any such proceeding, including bankruptcy, receivership, reorganization or liquidation proceedings.

19.6 A waiver by a Non-Defaulting Party with respect to any particular Event of Default shall not be deemed a waiver of any other or subsequent Event of Default.

- 19.7 Notwithstanding the foregoing, delays caused by Force Majeure events pursuant to Section 23 (other than delays in connection with the payment of monies due) shall not constitute an Event of Default or provide a basis for termination under this Section 19.
- 19.8 In the event an applicable Service Order is terminated, Customer shall have no further right to use the Service(s), the Equipment, or the Customer Fiber and all lease and/or contractual rights under the Service Order are terminated. If applicable, Customer shall within thirty (30) days remove all Customer equipment without damaging Boldyn Networks Infrastructure US LLC Facilities. If Customer has not removed its equipment within such thirty (30) day period, Boldyn Networks Infrastructure US LLC shall have the right, but not the obligation, to remove the Customer equipment. Boldyn Networks Infrastructure US LLC retains the right to remove all Customer equipment and Fiber in the facility upon termination. Customer shall permit Boldyn Networks Infrastructure US LLC access to all the necessary facilities to disconnect Service upon termination. Any costs incurred by Boldyn Networks Infrastructure US LLC in removing the Customer equipment shall be reimbursed by Customer within thirty (30) days after receipt of Boldyn Networks Infrastructure US LLC's invoice therefor. The foregoing remedy is in addition to any other remedy that may be available to Boldyn Networks Infrastructure US LLC under this Tariff, the applicable Service Order, at law or in equity. Nothing in this Tariff shall be construed or implied to authorize Customer to remove any equipment or other facilities belonging to Boldyn Networks Infrastructure US LLC.
- 19.9 Upon any material breach not cured after the expiration of all applicable notice and cure periods as set forth in Section 19.4(a), if any, the Non-Defaulting Party may at its sole option do any one or more of the following: (a) cease accepting or processing Service Orders and suspend any or all Service(s); (b) draw on any letter of credit, security deposit or other assurance of payment and enforce any security interest provided by the Defaulting Party; (c) terminate any Service(s) without further liability; (d) collect from the Defaulting Party an amount equal to any Early Termination Fee as set forth in this Tariff or an applicable Service Order; or (e) pursue any other legal or equitable remedy or relief as may be appropriate, including but not limited to recovery of legal costs and other expenses.

In the event the Parties cannot agree as to the propriety of the rejection, it shall be subject to an independent check by a third party and the prevailing party shall be entitled to recoup its fees for such testing from the third party.

- 27.5 If Customer does not provide a Rejection Notice prior to the expiration of the Inspection Period, an Acceptance Notice shall be deemed to have been issued as of the date of the test results were provided.
